

# **St P&P Reflections on the Team Rector**

**(these comments concern all past and future Rectors)**

## **Tops (what's been good and what we want)**

Enthusiasm

David Williams & Fred Green good examples mentioned

Approachable with time to listen

Approachable with a smile

Spiritual depth and wisdom

Joy & Commitment

Good team leader and builder

Building ministry groups across the whole team

Someone who is genuine with integrity

Caring and values pastoral care

Love, understanding, faith, leadership

Make sure sick and elderly are visited when unable to attend church

Mission outside of the church such as Healing on the Streets

Needs to be outgoing with good communication

Inspirational and approachable leader able to integrate our parishes into one unit and someone with experience of life beyond education who appreciates how business and our country works.

Show a living faith in action

Rector as a figure head – example of leadership for all 3 churches. Impartial. Interested in the health and growth of the whole parish.

Loving, inspirational, organised. Knowledge of life experiences.

Person of action. Able to handle a crisis

Gives credit to God

Expectant – relying on the power of the Holy Spirit

Caring Generous Grace-Full Empathetic A person of integrity Fun Prayerful

Spiritual - Charismatic

## **Pants (what's been difficult in the past)**

Rector needs to do pulpit swaps more often and attend other churches in team

Rector should attend other churches' events

No relationship with past Rector

Never seen in our church

Should be accessible

We need a balance and this may require more masculine help

Children unwelcomed

PCC needs transparency

We need a team leader who is part of the team

Interfering and negative

Poor communication

## **About our Town**

'The town continues to grow, community spirit continues to die out'

A growing town that lacks an identity – people moving on - changing

Broken families

Behavioural issues

Lots of new families moving into area

Expanding as it adapts to its new role as a satellite town to Nottingham city

A town of great potential

## Doty Voting

- Good with youth
  - Good with people of all ages
