## OPEN DAY

SUNDAY 22<sup>ND</sup> AUGUST

If it happens  
in Hucknall,  
then it happens at  
**The John Godber Centre.**

At the very heart of Hucknall we're the perfect event and activity space, whatever your need. For 114 years we've supported the community by helping to celebrate life events for thousands of people and create lasting memories.

With all that experience, we know how to throw a great party; how to host memorable

events; how to create an atmosphere for productive meetings; and how to ensure hosts are celebrated and guests entertained.

And time never stands still at The John Godber Centre - we're always improving the venue so why not drop in on our Open Day 22nd August, 11am - 2pm, to see the results of our latest refurbishment work and activity presentations by a selection of our user groups.

See reverse for details of what's happening and how to find us.
